

STREET CLOSURE LISTING

1. Alpine Place Pier Wall

Engineer/Inspector: UMBERG/MAROIS

Contractor: Langehein & Thomson

Emergency Contractor Contact: Dave Langehein 659-9514

Alpine Place may be closed at the actual work site during work hours "Road Closed to Thru Traffic" may be installed at the point of detour for all affected streets. Local access will be maintained at all times. The sidewalk on the opposite side of the proposed pier wall must remain open at all times.

At the worksite during non-work hours, one 11 ft. lane in each direction shall remain open. The sidewalk on the opposite side of the proposed pier Wall must remain open at all times.

Projected completion date: 12/15/04

2. Beekman/Harrison Avenue Street Improvement

Engineer/Inspector: Krusling/Kammer

Contractor: Prus Construction

Emergency Contractor Contact: Mike Prus 513-477-0613 (C)

1. Beekman, Harrison and Queen City Avenues will be reconstructed in several phases.

Projected completion date: 1/05

3. Clifton Avenue – 2004 Street Rehabilitation

Engineer/Inspector: Walter/Perkins

Contractor: Jurgensen

Emergency Contractor Contact: Tim Beaty 771-0820, 535-6128

The following restriction on the local roadways shall apply to the construction involved in the project:

1. One lane of traffic in each direction shall be maintained from 7 a.m. to 9 a.m. and 4 p.m. to 6 p.m., Monday thru Friday and non-working hours.
2. The curb lane on one side of the street may be closed several days to accommodate construction to concrete bus pads.
3. During working hours maintain two-way traffic utilizing flagging procedures. Use Police officer with patrol car to maintain traffic during grinding and paving operations.

Projected completion date: November 2004

4. College Hill NBD Streetscape

Engineer/Inspector: Walter/Honerkamp

Contractor: R.A. Miller

Emergency Contractor Contact: Bob Miller 385-9560 623-5996

The following restrictions on local roadways shall apply to the construction involved in the project:

1. Southbound Hamilton Avenue, both lanes will be open from 7 a.m. to p a.m. on Monday through Friday. During working hours, one 12-foot lane will remain open.
2. Northbound Hamilton Avenue, both lanes will be open from 4 p.m. to 6 p.m. on Monday through Friday. During working hours, one 12-foot lane will remain open.
3. One curb lane may be closed over several days to accommodate construction of the curb.

Projected completion date: August 23, 2004

5. Columbia Parkway Lighting Project

Engineer/Inspector: Hinzman/Kibby

Contractor: Delta Electrical Contractors

Emergency Contractor Contact: Ed Hulefeld 513-421-7744

The following shall apply to the construction involved in the project:

1. Replace existing light poles and fixtures along the westbound side of Columbia Parkway from Bains Street to Kemper Lane. The contractor will maintain two lanes of traffic during rush hour. One lane may be reduced in the westbound lane after 9:00 A.M.

Projected completion date: February 10, 2005

6. First Avenue Pier Wall

Engineer/Inspector: Krusling/Weston

Contractor: Langenheim & Thomson

Emergency Contractor Contact: David Langenheim 659-9514

The following restrictions on local roadways shall apply to the Construction involved in the project:

1. First Avenue between Glenway Avenue and West Liberty Street may not be closed at the actual work site during work hours. One 11 ft. lane shall remain open at all times during construction work hours as well as non-work hours.
2. Flagging will be necessary, The preferred method of flagging Shall be "slow/stop" paddles.

Projected completion date: January 2005

7. Kirby Road Improvement

Engineer/Inspector: Jones/Young

Contractor: Fred A. Newman Company

Emergency Contractor Contact: Tim Nemann (859)341-6927

Bob Rowe 535-1788 (C) 367-0644 (H) 467-9400 (O)

The following restriction on local roadways shall apply to the construction involved in the project:

- a. On Kirby Rd., from North Bend Rd. to Ashtree Dr., the road may be closed at the actual work site. "Road Closed to Thru Traffic" may be installed at the point of detour for all affected streets. The contractor shall erect and maintain a signed detour approved by the Project Engineer. Local access shall be maintained. Arrangements shall be made with Police, Fire and affected residents to establish the actual point of physical closure on a daily basis.
- b. On Kirby Rd., from Ashtree Dr. to Virginia Ave., during the hours of 4 p.m. to 9 a.m. one 11 ft. lane in each direction shall remain open. On work days, between the hours of 9 a.m. to 4 p.m., a minimum of one 11 ft. lane must be open and available to traffic. If a one lane pattern is used, flagging will be necessary. The preferred method of flagging is the "STOP/SLOW" PADDLE.
- c. During the hours of 7-9 a.m. and 4-6 p.m., no work shall take place in or within 50 ft. of the signalized intersection of Ashtree Dr. and Kirby Rd.

Projected completion date: December 2004

8. L & N Bridge– Riverfront Pedestrian Access

Engineer/Inspector: Walter/Mastruserio

Contractor: Prus

Emergency Contractor Contact: Paul Long 477-0607

The following restrictions on local roadways shall apply to the construction involved in the project:

- a. L & N Bridge bicycle and foot traffic shall be maintained by way of a safe, usable twelve-foot wide (minimum) travel path. Any demolition or construction activities that abut the travel path shall be clearly delineated and fenced for the protection of the public. Intermittent closures of the bridge may be permitted; however, close coordination with event activities on the central Riverfront is required. Closures shall be coordinated through the Project Construction Engineer.

- b. The Butler Street roadway and sidewalks may be closed but access or alternate access must be provided to the Cincinnati Recreation Commission's facilities. Close coordination with event activities on Central Riverfront is required. Closures shall be coordinated through the Project Construction Engineer. Schedules of the contractor should be aware that event schedules are subject to change and new events may be added.
- c. The entire Pete Rose Way roadway must be open and available to traffic between the hours of 6-9 am and 4-6 pm Monday through Friday and 2 hours prior to until 1 hour after any Reds, Bengals, US Bank Arena events, or other special events scheduled by the City of Cincinnati. One ten-foot curb lane in both directions may be closed outside of these hours. Pedestrian access must be maintained. The roadway and sidewalks may be closed on a weekend free of events beginning on Friday at 8:00 P.M. and continuing until 5:00 A.M. the following Monday. Signed vehicle and pedestrian detour routes must be provided.

Projected completion date: November 19, 2004.

9. 2004 Red Bank Expressway and Duck Creek Road Improvement
Engineer/Inspector: Jones/Pieczynski
Contractor: Tri State
Emergency Contact: Ken Schibi 543-8312 385-0584

The following restrictions on local roadways shall apply to the construction involved in this project:

- 1. The Southbound curb lane of Red Bank Expressway at Duck Creek will be closed to traffic.
- 2. The eastbound curb lane of Duck Creek at Red Bank Expressway will be closed to traffic.

Projected Completion Date: December 8, 2004

10. *SMU'S CALIFORNIA AREA SEWERS
Engineer/Inspector: Umberg/Marios
Contractor: Sunesis Construction
Emergency Contactor Contact: Kim Smith 518-0422
Dale Southard 582-0161

The following restrictions on local roadways shall apply to the construction involved in this project:

- 1. If flagging will be necessary. The preferred method of flagging shall be "stop/slow" paddles. On low volume streets, where both sides of a work zone have adequate advance visibility from both approaches, a "YIELD" sign facing traffic on the construction side of the road, may be used per O.M.U.T.C.D. standards.

2. If any road is to be closed, proper detour signage must be posted and maintained at all times. Residents must be notified and arrangements made to service their properties. All road closures shall conform to section 614.05 of the State of Ohio Department of Transportation.
3. When work on Panama St. is under way, Access to the boat storage/marina must be maintained at all times. Access should be made available by way of Kenwood Road, Renslar Road or Rhode Avenue. Detour signs must be clearly posted and maintained.

Projected completion date: 12/15/04
